October 30, 2006

Dear Kris:

On behalf of "Bread of Life Ministries", I would like to thank you and your staff for your enthusiastic support of our outreach. We were overwhelmed by your generous offer of financial assistance and by the donation of dozens of pairs of new socks and clothing.

As I mentioned in our meeting, we will be happy to display the Coldwell Banker logo on our new bus, along with some other sponsors, once it is completed. I will also give you my personal commitment to bring our bus to the low-income area behind your Sackville office in early March once the new bus is hopefully on the road. We will give it an honest try for a period of time (several months) and if there is a reasonable response, we will be willing to commit for the long term.

Thank you once again for your decision to support the Street Connection. We look forward to working with you and your office in the near future.

In His Service,

Rob & Sandra Pattison  
Bread of Life Ministries
